

2025 New England Classic (NEC) Welcome Pack & Rider Handbook

Welcome to the 2025 NEC!

Thank you for registering the 2025 New England Classic Charity Bike Tour! Your adventure will soon be here and there's a lot to do to get ready. Your ride will be challenging, yet very achievable. We are grateful you have chosen to join us and we pledge we will do all we can to make your experience enjoyable, exciting and fun.

This Welcome Packet & Rider Handbook has been carefully prepared to provide you with essential information about the NEC. Familiarizing yourself with this information will answer most of your questions and make your experience more pleasant. For additional information visit newenglandclassic.org or e-mail any questions you may have to nec.biketour@gmail.com

Here is what's included:

- Your Fundraising Commitment page 2
- The Impact of Diabetes (information to support your fundraising efforts): page 3
- Start / Finish location and Directions to the Courtyard by Marriott Billerica: page 4
- Parking Instructions, Rider Check-in and Day 1 Start: page 5
- The Details: pages 6 & 7
- Safety Requirements & Recommendations, and Health & Wellness: page 8
- The Gear Truck and Your Gear: page 9
- Housing your bike; our Volunteers, and Emergency Contact #'s: page 10
- What to Pack (and What NOT to Pack!): page 11
- Accommodations during the NEC: pages 13 - 14

Your Fundraising Commitment

Perhaps most important, we want you to know how much we appreciate your commitment to raise funds to benefit the American Diabetes Association and its mission, which is to prevent and cure diabetes and improve the lives of all those affected by diabetes.

We sincerely thank you for all the training and fundraising you have done, and all that you intend to do in these next few weeks! Please remember that your philanthropic efforts will have a real and direct impact, helping us change people's lives for the better. Every dollar we are able to contribute to the American Diabetes Association, and its Camp Carefree for children with diabetes, will further the organization's critical work in the areas of research, educational programs, outreach and advocacy. For the more than 37 million Americans who suffer from diabetes, the New England Classic Charity Bike Tour is a beacon of light; a source of hope for a brighter tomorrow.

When you registered for the ride, you agreed to the fundraising minimums: \$600 for the NEC 150 (two-day route) and \$3,000 for the NEC 550 (seven-day route). Please remember you will have until August 15th, four weeks after the end of the ride, to complete your fundraising, but we strongly encourage all cyclists to get it done prior to the ride. It's a win-win!

Matching gift donations will count toward your minimum, but we ask that you notify NECCBT Treasurer Karen Sharland by July 1st of any matching gifts you expect to receive. Karen's email is ksharland@comcast.net.

We understand that circumstances beyond your control may arise after you register that prevent you from joining us on the 2025 New England Classic. Because we have already incurred costs for your accommodations, meals and other expenses, we ask that you tell us as soon as possible if you have to cancel. Your cooperation and understanding will help ensure we direct the maximum funds toward the American Diabetes Association mission to prevent and cure diabetes, and to improve the lives of all people affected by diabetes.

If you need help in putting together an effective fundraising message to send to your family, friends and colleagues, the information on the following page provides many eye-opening statistics. We suggest you incorporate some of these numbers, or even use the language from this introduction.

Thanks again for joining us in this great endeavor.

THE IMPACT OF DIABETES

Diabetes Stands to Become One of Our Nation's Greatest Health Challenges, But the ADA is Making a Difference

- The American Diabetes Association® is fighting for millions of families and individuals—working to prevent and cure diabetes and to improve the lives of those living with diabetes.
- From research labs to the halls of the Capitol to the offices of health care practitioners to communities nationwide, to Camp Carefree, the American Diabetes Association is there.
- The ADA is leading the nation in creating a powerful community of care that is grounded in strong science and innovative thinking

Diabetes Statistics

- **37.3 million, or approximately 1 in 10:** The estimated number of children and adults in the United States who have diabetes.
- **Of the 37.3 million, 28.7 million** are diagnosed, and **8.5 million** were undiagnosed.
- **96 million:** The estimated number of Americans who have prediabetes.
- **Every 23 seconds** someone in the U.S. is diagnosed with diabetes.
- **283,000 children and adolescents** under age 20 have diagnosed diabetes. This includes **244,000 with type 1 diabetes.**

Camp Carefree

- ADA Camp Carefree was established in 1976 and has served more than 4,000 campers. Each summer the camp hosts over 130 campers ages 7-16.
- The mission of Camp Carefree is to provide a fun-filled, educational camping experience for children with diabetes that will help them to develop and maintain active, healthy lifestyles.
- With the contribution of valued program and medical staff, campers are supervised and encouraged to embrace new challenges through discovery, adventure and play.
- Camp Carefree is located on the shores of Merrymeeting Lake in New Durham, New Hampshire.

Start / Finish Location

Our start/finish location for the 2025 NEC is the Courtyard by Marriott Boston/Billerica, with parking provided by KS Partners.

The Courtyard by Marriott is providing space in the hotel for rider check-in on Friday afternoon and Saturday morning. The NEC has reserved rooms for access to restrooms and a shower at the end of Day 7.

A room block is in place through ... if you are looking for a place to stay on Friday July 11th. A dinner, for a fee, is planned for Friday the 11th at the Cortyard, providing you the opportunity to meet other participants and do a bit of “carb loading” for Saturday’s ride.

Directions to Courtyard by Marriott Billerica

The address for Courtyard by Marriott Billerica is 270 Concord Road, Billerica, MA 01821, if you want to put it in your phone or GPS. Additional detailed directions are below.

From I-95/Route 128 southbound or northbound

- Take exit 50 A-B for US-3 N toward Lowell
- Take exit 76 for Concord Rd toward Billerica/Bedford
- Turn left onto Concord Road
- Turn left at first signal light after Route 3 entrance onto Concord Road
- Courtyard by Marriott Billerica will be on your right
- Turn right into parking lot after the hotel

From I-495 northbound / southbound

- Take exit 89 A-B-C / C-B-A to merge onto US-3 South toward Burlington
- Take exit 76 for Concord Rd
- Turn left onto Concord Road
- Take first left at signal light
- Courtyard by Marriott Billerica will be on your right
- Turn right into parking lot after the hotel

Parking Instructions

We will be utilizing the KS Partners Parking Lot at 270 Concord Road, immediately after the Courtyard by Marriott Billerica hotel, on the southside of the hotel. When you arrive, please follow the instructions of volunteers on where to park.

Rider Check-in

- Early Check-in for the New England Classic Tour de Cure will be available on **Friday, July 11th**, in the lobby of the Courtyard by Marriott Billerica from **4:30 p.m. to 7:00 p.m.**
- Regular Check-in takes place Saturday, **July 12th from 6:30 a.m. to 8:00 a.m.** in the lobby of the Courtyard by Marriott Billerica
- During Check-in you can turn in any outstanding donations, but we suggest you send as many as possible ahead of time to expedite the process.
- You will receive your rider number and the “cue sheet” for Day 1 at Check-in.
- **All riders must check in either Friday or Saturday.**
- Riders who registered by May 1st will receive their official NEC cycling jerseys and volunteers will get their NEC t-shirts in a special ceremony at UNH at the end of Day 1.
- ***We ask that everyone wear their 2025 New England Classic jersey at the start of Day 2.*** This will allow us to get some great group, team and individual photos!

Day 1 Starting Time and Location

- **The 2025 New England Classic Charity Bike Tour will officially start at 8:30 a.m. on Saturday, July 12th from Courtyard by Marriott Billerica in Billerica, MA.**
- Riders will receive important information and instructions from 8:00 a.m. to 8:25 a.m. and then we will leave the parking lot as a group.

The Details:

Rider Number

Think of it as your ID for the ride. Please attach it to the BACK of your jersey every day while you ride. It's your pass at the Rest Stops, and helps us know who "our" NEC participants are vs. other recreational cyclists on the same roads. When you arrive at each rest stop, ***please*** make sure to give your number to the volunteer with the clipboard who is checking off numbers. This helps us account for all participants and lets us keep you safe!! **All riders must check in at each rest stop each day.**

Daily Start Time

On the first day of the New England Classic, we will leave as a group at 8:30. Every other day will begin with riders checking out between 7:30 and 9:00 a.m. We ask that you leave **no earlier** than the designated start time so we can ensure that the rest stops will be set up and our support vehicles will be on the road ahead of you. The gear truck will leave each day around 9:00 a.m. **It is your responsibility to make sure your "stuff" is on the truck before you leave on your bike.**

Details for the optional Day 4 "Rest Day" will be communicated at dinner on Day 3.

Daily Finish Time

Flexibility is a key element of the NEC. Each cyclist will ride at his/her own pace and enjoy our epic New England Tour in different ways. Riders typically average between 11 and 17 miles per hour. Add in some sightseeing, "power lounging" at rest stops and a break for lunch, and most riders will finish the day between 2:00 and 4:00 p.m., depending on the distance and terrain of that day's route. **Vehicle and support staff will be on the road EITHER until the last rider finishes or until 1 hour before the day's scheduled dinner time. Cyclists who are still some distance out at that point will be picked up and transported to the finish line.** We don't want anyone to miss dinner!!

Breakfast and Dinner

On Day 1, riders should eat breakfast before arriving at the starting line. After Day 1 breakfast will be served each morning, starting between 6:00 and 7:30 a.m., depending on the accommodations. Dinner will be served each day starting between 4:30 and 6:00 p.m., again depending on the accommodations. Meals will be set up in a variety of styles including cafeteria, buffet and sit-down.

Lunch

While we provide fully-stocked rest stops along each day's route (occasionally including fabulous PB&J sandwiches provided by local Rotary Clubs), lunch is intentionally on your own so that you can enjoy more special New England experiences. We travel past many places to eat along the route and some of our rest stops are locations where you can buy a sandwich, pizza, salad or other local cuisine. *Did someone say lobster rolls?*

Accommodations

We will stay in college dormitories the first two nights and in hotels or ski resorts for the following four nights of the Tour. If you did not indicate a roommate preference when you registered, you will be assigned a roommate each night. Upon arrival, each rider and volunteer will be issued a room key and/or a swipe card for access to rooms and buildings. **It is very important that these be turned in (not left in the rooms) each morning before leaving for the day. WE ARE CHARGED FOR LOST KEYS OR CARDS AND IT IS RIDICULOUSLY EXPENSIVE.**

Bed linens and towels will be provided at each location, but you may want to bring an extra towel for the shower and make sure to bring your own rags to wipe or clean your bike. **Please do not clean your bike with the bath or hand towels provided by the accommodations. We will have to pay for them if you do.**

The Routes

The Ride with GPS files for the 2025 NECCBT routes are provided below. Please be aware, the routes are subject to change due to road construction / closures; therefore, it is strongly recommended to wait until Thursday July 10th before downloading from the NEC website. This will ensure you will have the latest route version in case of late changes.

- Day 1 - <https://ridewithgps.com/routes/49244215>
- Day 2 - <https://ridewithgps.com/routes/42048013>
- Day 3 - <https://ridewithgps.com/routes/42056058>
- Day 4 - <https://ridewithgps.com/routes/49243642>
- Day 5 - <https://ridewithgps.com/routes/49244424>
- Day 6 - <https://ridewithgps.com/routes/49244342>
- Day 7 - <https://ridewithgps.com/routes/49464823>

Cue Sheets: Easy to read cue sheets provide turn-by-turn directions of the route, as well as point-to-point and cumulative distance information. Cue sheets are available at the Gear Truck at the start of each day.

Route Marking: Directional markings are painted onto the road surface. Three markings are used at all turns. The first is painted ~ 30 - 60 yards prior to the turn, the second is at the turn or within ~ 5 yards of the turn, and then there is a third confirmation mark is usually within 10 yards after making the turn. An example of an upcoming lefthand turn is provided below.

Safety Requirements & Recommendations

The following will help make this tour safer and more enjoyable.

Rider Requirements;

- A Consumer Product Safety Commission approved helmet is required to be worn
- Ride single file, with traffic flow, as far to the right as safe
- Communicate your intentions to other cyclists, especially when passing
- Inform other riders of potential road hazards
- If you need assistance, when a *S.A.G. Vehicles pass raise your fist in the air – Don't wave!* Adult supervision is required for riders age 17 & younger
- Cyclists must obey all traffic laws and obey all traffic signs and signage posted by the tour.
- All participants must follow the rules of our accommodation hosts (e.g. proper use of towels & linens, turning in keys, etc.)

Rider Recommendations:

- Pace yourself. Have fun and enjoy your day!
- Train. Take advantage of the Training Rides the NEC offers.
- Have a health insurance card with you at all times, one with all important medical information
- Use common sense and courtesy with all road traffic
- Bicycle rear safety light is recommended.

Rare Severe Weather Conditions:

The most common severe weather conditions involve heavy rainfall, lightning, and/or strong winds. These conditions may force you to seek temporary shelter in a commercial or municipal building, or on the porch of a private residence.

If shelter is not near during a lightning storm, crouch down away from trees and keep at least 15 feet away from other people, bikes, or metal objects. In the case of an extended lightning storm, please call the emergency cellphone numbers we provide you to advise us of your location. The support vehicles will pick you up but please be patient as we work to ensure everyone's safety.

Health and Wellness: we've listed some health safety DOs & DON'Ts to help you keep illness at bay:

<u>DO</u>	<u>DON'T</u>
DO remove your cycling gloves and wash / sanitize your hands at each Rest Stop	DON'T eat while wearing bicycle gloves
DO use hand-sanitizing liquid	DON'T replace hand washing with hand-sanitizing liquid
DO keep hydrated by drinking water regularly	DON'T "hand wade" in the coolers
DO comply with hygiene signage	DON'T share fruit or other personal consumables
DO report any unsafe hygienic practices	DON'T assume you're not sick if you have symptoms
DO report any symptom of illness immediately	

Gear Truck / Information Center: There will be a Message Board at the Gear Truck – check it out

Gear – Important! Please Read Carefully

A full list of what to bring can be found on page 11, but here are some important tips!

- All your gear should ideally fit into **one** canvas duffel bag or soft-sided suitcase.
- Please avoid hard-shell suitcases – remember those are **volunteers** lifting them on and off the truck! We would prefer you bring two smaller bags rather than one hard-shell.
- Please make certain your bag is easily identifiable because a lot of bags look alike (*“Mine is the little black bag. Can you find it for me??”*)
- **DO NOT TIE** shoes, hats, jackets, tire tubes, spare parts, entire bikes or other accessories to the outside of your bag. Attaching items to your bag leads to messy entanglements, even messier disentanglements, and sometimes damaged property.
- We will have large “shoe buckets” at the gear truck every morning. You can wear non-cycling footwear to the truck, change into your cycling shoes, leave your non-cycling footwear in the bucket and retrieve them when you finish the day’s ride.
- The gear truck will haul your stuff from one location to the next, but **you** haul it to your room and back – Hint: pack wisely and light.
- You will not have access to your bags while you are riding each day. We suggest you take that jacket or leggings with you and give it to the rest stop volunteers to hold after you warm up. Just remember to retrieve your stuff at the end of the day; it will be at the Gear Truck.
- **PLEASE make sure you have everything you need for the day BEFORE you hand your bag to the Gear truck volunteers. Phone? Jacket? Glasses? Shoes? Meds? Wallet? Cash? Helmet???** Once your bag is on the truck, we cannot dig through a large pile of bags to find yours, which is guaranteed to be on the bottom.
- If medications or batteries need to be at a rest stop, please let us know the night beforehand.

Evening Activities and Daily Updates

There is a special welcoming ceremony the evening of Day 1. Details on time and room location will be provided at the Gear Truck.

Evening activities for Days 2 – 6 may include a variety of things such as giveaway contests, announcements about the upcoming route, games, a little music or just relaxing to get ready for the next day. Many cyclists do routine maintenance on their bikes. Sometimes groups will go into town together for ice cream, shopping or refreshing beverages, if “town” is within walking distance. But the real highlight, both during and after each day’s ride, is getting to know your new friends.

At the Gear Truck each day, we will post information concerning the next day’s ride and accommodations, including details on the route, meal times and other fun facts that **Gearman** thinks you need to know.

Housing Your Trusty Steed

Each evening we will provide a safe and secure indoor location for your bicycle. It will be kept in a storage room or building that will be locked for the night. At the college dorms, you will have the option of leaving your bike in a storage room or bringing it to your room.

Volunteers

We have the world's greatest volunteers! Each gives up a weekend or a week of their time to ensure that you have the ride of a lifetime as together we fight diabetes. Please remember that the volunteers are the first out on the road and the last to come in, and they can't come in until all the riders are in. We want you to have a great cycling vacation, but please don't take too many extended breaks along your daily route and try to be fair to the volunteers.

Emergency Contact Information

Emergency Contact Number - Dial 911

Volunteer / Support Number: 413-210-5867

This information will also be printed on the daily cue sheets.

What to Pack (And What NOT to Pack!)

Your bicycling adventure will present a variety of conditions, but it *is* possible to take all you need and still travel light. Layer your clothes for versatility. When possible, make your gear do double duty. Be creative about what to take and what to leave home. Don't be afraid to do a pre-pack, then a second pack, then a re-pack followed by a final pack. It's part of the fun! The key words for the week are **comfort** and **casual**.

We ask participants to bring their own aspirin, ibuprofen, ACE bandages and other first-aid supplies you feel might be necessary during the trip. All support vehicles have first-aid kits on board for emergencies.

The following list covers what you will most likely want or need. The list is the same for the 150 and the 550 – it's just a question of how many! There are laundry facilities in some of the dorms and/or hotels. Modify the list based on your own needs and experience.

Bicycle Gear	Bicycle, helmet (can't ride without one), Cycling shoes, Gloves, Sunglasses, 2 Water Bottles, Shorts, Jerseys, Lights & Computer with chargers, Rain Gear; Base Layers, Vest/Outer layer, Socks, Spare Tubes, CO2, Cleaning rags, Lube, and small toolkit – including spare specialty spokes if applicable
Clothing for Comfort	Shorts and/or jeans; Comfortable shirts, t-shirts or jerseys; Walking shoes, sneakers or sandals; Outerwear for cooler evenings; A hat (provides shade post-ride and hides helmet hair if necessary); and Swimsuit(s)
Essentials	License or other ID and insurance cards; Toiletries; Prescription medicines; Chamois cream, zinc oxide, Bag Balm etc.; Debit card, credit card and/or good old-fashioned cash for lunch, shopping, repairs, etc.; Eyeglasses (bring a spare pair if you have one); Reading material, pens; and Cellphone and charger

What NOT to Bring

- Enough spare parts to build an entirely new bike
- Large electronics (if it's bigger than an iPad, leave it home)
- Heavy books and Rocks
- All of our accommodations are air-conditioned, so you don't need to bring a fan. Yay!
- Fancy clothing (the NEC is a high-heel-free zone)
- Breakable bottles of perfume, cologne, or wine packed in your luggage, etc.
- Blankets, sheets, sleeping bags, or winter coats
- Ice skates, roller blades, skateboards, hoverboards, scooters, drones or anything else with sharp edges, engines or wheels, other than your bike; No surfboards either, for that matter
- Squirt guns, duct tape or clingwrap (yes, there are reasons – ask us)
- Food or snacks that need to be refrigerated
- Your Pets

Enjoy Yourself!

Our goal is to make this a memorable and rewarding event for each and every participant. The New England Classic Charity Bike Tour is your reward for raising the funds critical to the work of the American Diabetes Association. We strive to put the F-U-N in fundraising so that you have the best time possible on two wheels while making a difference in the lives of more than 37 million Americans living with diabetes. We succeed at this by working together, and together we will continue on this road until it leads us to a cure.

Congratulations on being a part of the New England Classic family. You're about to join a group that includes both experienced and less-experienced cyclists who are eager to learn, teach, help and simply enjoy each other's company. Riding and supporting the NEC is a challenge and an achievement of which you can be proud. But it's also a tremendously rewarding personal experience because you will know that you have made a difference. We'll see you at the starting line!
